## 2021/22 Districting

### Public Participation Kit

#### Total Population by Population Unit

Each number indicates the total population of that "population unit" area. Each district must have essentially equal population. The population of each of the 4 districts must be close to 1,294, with no more than a 129 difference between the largest and smallest. These population figures have been updated on Dec. 23 to reflect the final, state-adjusted 2020 Census data.
